

## MEDIA RELEASE

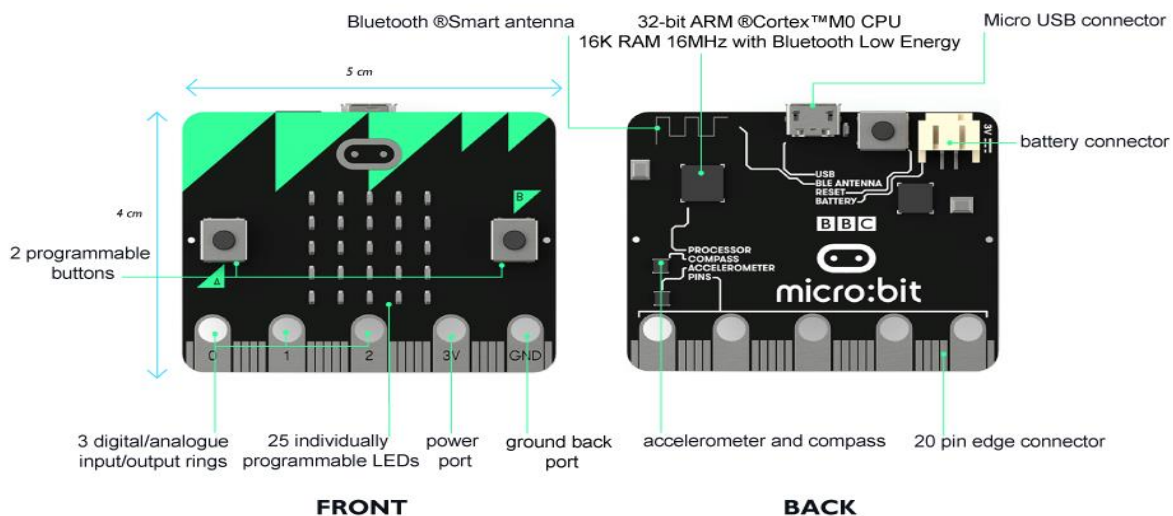

July 16, 2021

### NTRC's 2021 MyApp Summer Program in Canouan and Spring

The National Telecommunications Regulatory Commission (NTRC) will be hosting its sixth annual summer coding and application development initiative known as the MyApp summer program. This year the programs will run for One (1) week each during the summer vacation and is scheduled for the period **August 9 - 13, 2021** at the Spring Garden Resort and **August 16-20, 2021**, at the Canouan Secondary from **9:00am to 3:00pm daily**.

The program will teach and expose participants between the ages of 13-18 years how to code using a pocket-sized computer known as the micro:bit. This will help participants to gain insightful knowledge in coding as the demand for software developers is increasing.

Application forms are available at the office of the NTRC and via the website [www.ntrc.vc](http://www.ntrc.vc). Deadline for applications is Wednesday July 28, 2021. A limited number of applications will be accepted and the registration cost for the program is \$20 per student.
